S. WILL ASSUME | HENRY JAMES DEAD; PROTECTORATE IN NOVELIST, CRITIC ISLAND OF HAITIAND PLAYWRIGHT

of England Forty Years-Became English Citizen Last Year.

dist, died to-day.

Henry James was born an America: out died a British subject. In July, 1915 he took the eath of allegiance to the rown, explaining that he had lived and worked in England for 40 years and had merican Government Will Take developed such an attachment for the country and sympathy with its people that he desired to throw his moral weight and Took Place Early Tuesday Stolen from U. S. Auto Truck personal allegiance into the British cause

The distinguished novelist, critic and tee Territorial Integrity and playwright, was born in New York, April 5. 1812. His father, Henry James, Sr., was noted as a writer on ethics and religion; and his younger brother, William, was ater to become distinguished as a psychologist. The family was possessed of an ample fortune, the foundation of which unanimously ratified the treaty was laid by the novelist's grandfather, of Uniter soon after the revolutionary war and became a successful merchant at Al-

bany, N. Y.

The education of the future novelist was altogether out of the ordinary. One of its ity already has been approved by the early features included a course at a colloquial French was supposed to be in operation under the eye of a acquired in perfection, and of which the pupils were largely Cubans and Mexicans. At other private schools, the Henry James and his brother specialized in various studies of their early youth and when the family went to Europe theb schooling was continued under nomadiconditions, in Swiss and Frenc's da esidents deposed and most of them One year also was divided between the schools and with English private tutors Guillaume was University of Geneva and the University The possibility of European in- of Bonn, after which James returned to New York, and in 1862 entered the Haryard Law school, although there is no indication that law was with him ever a his studies at Harvard that he begun t contribute sketches to the magazines and close to a hundred novels and tales, together with critical essays and some

> Mr. dames' work was never as p in America as it was in England, but he had many admirers in his native country, and even his critics ranked him a one of the most masterful writers of the past generation. His writings were of the analytical and metaphysical novelists and the full understanding of caution against serious damage from achis work was a matter of endless con-To understand Henry James. troversy. was in the popular view the gift of only

a privileged few The fact that Mr. James was always in ependent of the need of catering to what the public wanted, since his fortune was sufficient, enabled him to adhers religious to his own principles of romance regardless of how popular they might be

One characteristic of Mr. James' novels is that they often closed abruptly, leaving lent Wilson a financial advise who well quent fate of the actors in the story, as officer stracked to the ministry of where other authors would invent a denovement. Further, he boldly attacked cisions which to the common eye were east seeing, and in thus attempting what literary art, he developed intellectual PER CENT.
